## NARRATIVE

### *Clothing Donation Shed*

*Oaklawn Grange Patron of Husbandry 42 Inc RI*

*24 Searle Avenue*

*Cranston, RI 02920*

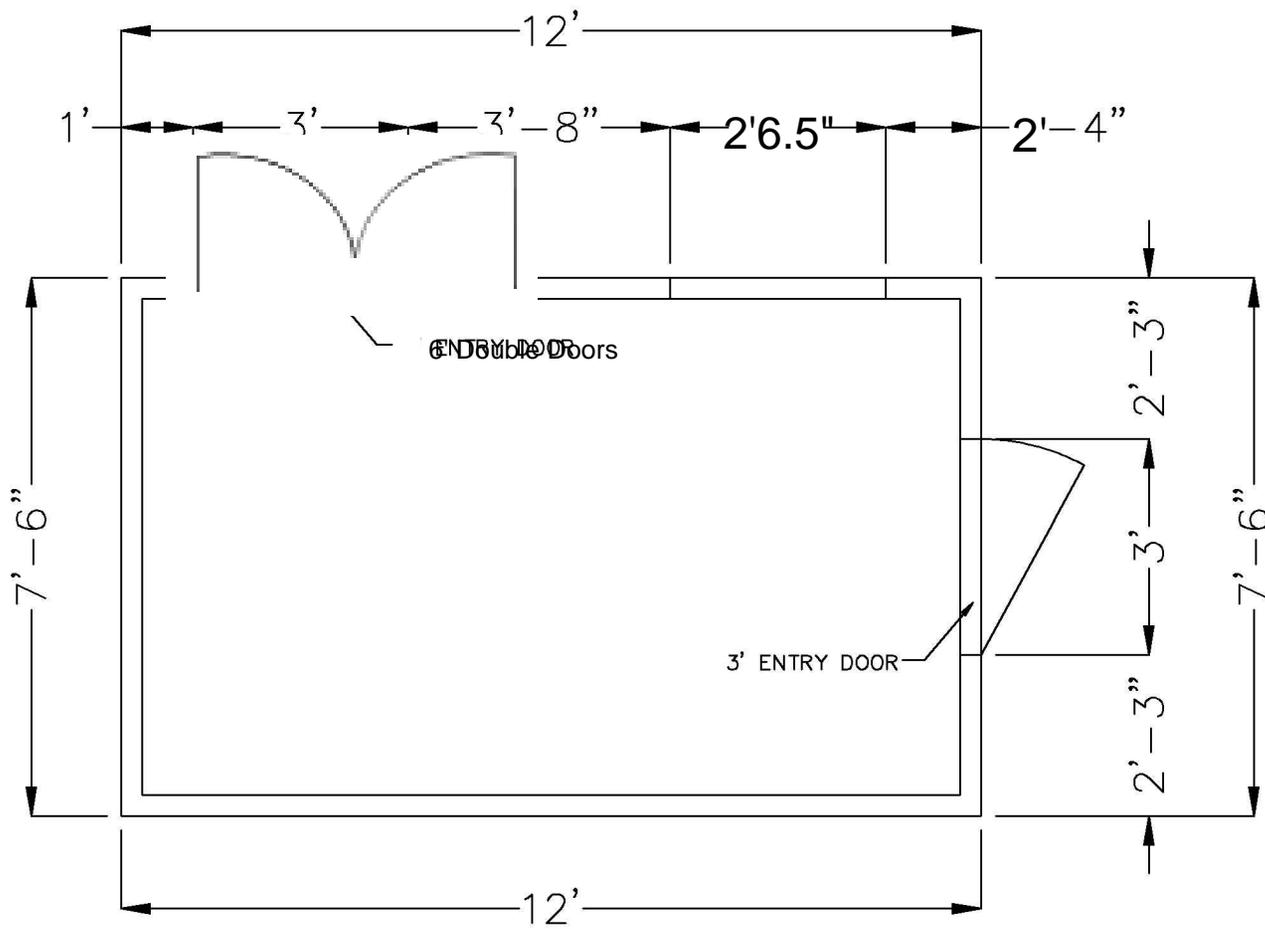

St. Pauly Textile, Inc. will be providing an 8' x 12' prefabricated wood frame shed (see pictures) to be placed at the Oaklawn Grange Patron of Husbandry 42 Inc RI in the Oak Lawn Village Historic District. The shed will be open to the public for donating clothing and clothing related items. A St. Pauly Textile team will visit the shed *weekly* to pick up donations. These donations will be redistributed worldwide by a variety of government agencies, relief organizations, and businesses. St. Pauly Textile will provide funding to the Oaklawn Grange based on the amount of clothing donated.

There are two critical ways in which this clothing shed will operate very differently from the metal bin business model that you may be familiar with:

1. There will be an active partnership between the Oaklawn Grange and St. Pauly Textile in terms of monitoring and keeping the shed clean. Specifically, Oaklawn Grange volunteers will be responsible for going inside the shed regularly throughout the week to rearrange donations and make sure that there is plenty of room for people to donate at all times, particularly so that the donation chute is never obstructed. St. Pauly Textile will pick up donations from the shed at least once a week, or more if necessary, and will always leave the shed in pristine condition. Both organizations will be focused on making sure the shed remains spotlessly clean and attractive at all times.
2. The Oaklawn Grange will have access to all of the clothing donated to the shed, and therefore will have the ability to directly serve local and regional needs for clothing at any time.

This project fits perfectly within the scope of the Oaklawn Grange Patron of Husbandry 42 Inc RI's mission. It is a way to reach out to community members who will appreciate a uniquely clean, safe, attractive, and convenient way to donate clothing, hosted by a local civic organization. It is a way to send clothing worldwide to those who need it. It is also a way to bring in additional funding for the Oaklawn Grange, which will help support ongoing community initiatives.

# FRAMING PLAN

General Notes

No.	Revision/Issue	Date

CUSTOMER IS RESPONSIBLE FOR MAKING CHANGES TO THESE PLANS PRIOR TO THE TOWNSHIP SUBMITTAL AND/OR START OF CONSTRUCTION BY PINE CREEK.

TO MAKE ANY CHANGES TO THIS PLAN BE SURE TO CONTACT DANIEL STOLTZFUS AT PINE CREEK CONSTRUCTION LLC DIRECTLY BY CALLING 717-905-2253 OR BY EMAILING DANS@PINECREEKSTRUCTURES.COM
