Re: Natick Avenue

In response to the comments at the Planning Commission on November 24, 2020 and as provided by Sara Bradford, Landscape Architect, the following are the changes to the Landscape Plans which were reviewed at the Nov. 24 Planning Commission and were dated 11-30-2020. The revisions are on the plans last revised 1-15-21.

Sheet 1 of 6

1. D – One additional 10' x 50' supplemental planting was added at the west end of the southerly planting
2. F – 'F' was added along the fence and edge of service road
3. E – These plantings were moved 25' away from the fence

Sheet 6 of 6

1. Warranty was changed to three years
2. Area E in the Plant Schedule and Supplemental Planting Detail was revised from 16 Green Giant Arborvitae to a mixture of 57 trees and shrubs.
3. Area F was added to the plant Schedule including 10 white pine and 10 red cedar.
4. The Solar Surroundings Seed Mix was added to be used in disturbed areas not under the solar panels to provide wildlife and pollinator value
