Prior to the ceremony, the couple will present their License & Certificate of Marriage to you. Please confirm with them that the information on the certificate is accurate. If there are any corrections that need to be made, please have the couple contact the clerk's office where the certificate was issued.

It is important to read all the instructions before completing the certificate. Any errors may cause a delay in the issuing of a certificated copy. Directions are also provided on the reverse side of the marriage certificate for your convenience.

---

When completing the marriage license, please be aware of the following requirements:

There must be two adults, age 18 or older, to witness the ceremony. Please ask them to print their name and sign where indicated.

### **Signatures**
