This Agreement is entered into as of the 1st day of July 2025 by and between the City of Cranston (hereinafter referred to as “City” or “Employer”) and the International Association of Fire Fighters, Local 1363, AFL-CIO (hereinafter referred to as “Union” or “I.A.F.F.” or “Local 1363”).

This Collective Bargaining Agreement (hereinafter “Agreement”), is entered into pursuant to the authority granted by Rhode Island General Laws Title 28, Chapter 9.1, et seq. known as the Fire Fighters’ Arbitration Act, as amended.

Section 1 - Recognition

The City of Cranston recognizes Local 1363 International Association of Fire Fighters, AFL- CIO as the exclusive bargaining agent for all uniformed employees and all the full-time civilian employees of the Cranston Fire Department including the Division Chiefs, Battalion Chiefs, City Fire Marshal, Superintendent of Fire Alarms and Emergency Medical Service Division Chief for the purpose of collective bargaining relative to wages, salaries, hours and working conditions. The City agrees that the Chief of Department and the two (2) Assistant Chiefs shall be given individual contracts of employment requiring just cause for termination and providing employment benefits substantially equal to those provided to bargaining unit members under this collective bargaining agreement. The rights of the City of Cranston and employees shall be respected, and the provisions of this Agreement shall be observed for the orderly settlement of all questions.

Section 1.2 – Neutral References/Non-Discrimination

(a) All references to an employee covered by this Agreement as well as the use of the pronoun “he” are intended to include both genders. When the male gender is used, it shall be construed to include both male and female employees.

(b) The Employer and the Union agree that they will continue policies of non-discrimination on the basis of an individual’s race, color, national origin, religious affiliation, gender, age or sexual orientation or preference. The Employer and Union mutually agree that there will be no discrimination against an employee because he is or is not a member of the Union or because he engages or does not engage in

activities protected by the Rhode Island State labor Relations Act.

(c) All References to “member” or “members” in this collective bargaining agreement shall mean any employee, sworn or civilian, of the Cranston Fire Department, unless otherwise specified.

Section 2 - Union Security

(a) Upon being hired, employees of the City of Cranston Fire Department shall make one of the following elections with respect to their Union membership:

Option #1 — Employees may elect to become a member of the Union and shall pay membership dues and assessments as determined by the Union.

Option #2 — Employees may elect not to become a member of the Union.

Elections made under this Section shall be in writing with copies submitted by the employee to the City and the Union.

Section 3 - Dues Deduction

Upon receipt by the City of a signed, voluntary authorization form by the employee, the City agrees to deduct union membership dues from the pay of said employee and remit the aggregate amount to the Treasurer of Local 1363 by the 15th day of the month following the month of deduction. An employee’s authorization may be revoked by sending a signed written notice thereof to the City, which shall send a copy of said revocation to the President of the Union.

The Union shall indemnify and hold the City and its officials harmless against any and all claims, legal proceedings, orders and judgments, including costs and reasonable legal fees, as a result of the City’s compliance with this Section.

Section 3.5 – Management Rights

Except to the extent there is contained in this Agreement expressly and specific

provisions to the contrary or a duly established past practice in the Department, all authority, power, rights, jurisdiction and responsibilities for the management of the Cranston Fire Department are retained and reserved exclusively to the City.

The rights reserved to the City include, but are not limited to, the right to determine the overall budget and mission of the Department; to maintain the efficiency and effectiveness of operations; to determine the services to be rendered and the operations to be performed; to direct and supervise employees; to transfer, assign and schedule employees; to suspend, discharge or otherwise discipline employees for just cause; and issue rules and regulations for the conduct of the Department.

Section 3.6 – Past Practice

All rights, privileges, past practices and working condition provided to the employees at the present time which are not included in this Agreement shall remain in full force, unchanged and unaffected in any manner, unless changed by mutual consent, and evidenced in a written, signed document.

Section 4 - Seniority

Employees covered by this Agreement shall have seniority rights in grade and said seniority insofar as practicable shall prevail with regard to the following:

- (a) Transfers to any Division, department or position by whatever name the transfer may be labeled, except those that are filled by promotional, or eligibility lists established by the

Personnel Director according to the Personnel Rules and the City Charter except as otherwise provided in this Agreement.

- (b) Days off, holidays, vacations and any and all circumstances or situations by whatever name they may be given; provided, however, that an employee may reject the position or benefit at his discretion without the need of any explanation on his part. Further, in the event that an employee shall reject a position or benefit, it shall not be construed as a waiver of his seniority rights in any subsequent situation where seniority would prevail. In the event that an Emergency Medical Technician - Cardiac (EMTC) requests to get off Rescue and then after expiration of his certifications/licenses decides to go back to Rescue the City shall not be

obligated to pay for retraining of the employee.

(c) Department seniority shall be defined as an employee's length of service with the Cranston Fire Department. In the event more than one member was appointed as a permanent employee of the Cranston Fire Department on the same day, their relative seniority shall be determined by their rank at the completion of the recruit training school. The seniority of officers shall be determined by the length of time in service in the Cranston Fire Department.

An employee's seniority shall be terminated, and his seniority rights forfeited as a result of resignation, retirement or discharge for just cause.

(d) A bid system shall be adopted (with details to be worked out by the parties) under which employees may bid for jobs by seniority. The successful bidder for any job shall be entitled to a reasonable trial period of not more than thirty (30) calendar days to determine whether he can acquire the skills necessary for the performance of said job in a reasonably satisfactory manner; provided, however, that in cases where the City and the Local mutually agree, such trial period shall not be mandatory. At the end of thirty (30) calendar days from the date of trial transfer, the employee shall be considered as being transferred in accordance with the provisions of this Section except in cases where the City and the Local may mutually agree to extend such trial period. If, during the trial period, the City removes the employee from such position for alleged lack of reasonable progress in said position, the employee shall have the right to file a grievance in accordance with the provisions of this Agreement. The term "reasonable progress" as used herein shall mean a comparison of the progress of the employee involved with the performance on said job of the average employee performing such work.

Notwithstanding the bid system under which employees may bid for jobs, the Department may make assignments to jobs without allowing employees to bid where there is an overriding reason or justification for the assignment. In any case where such an assignment is challenged by an employee or the Union, the burden will be on the City to demonstrate an overriding reason or justification. The assignment will not be disturbed

unless the City's decision was arbitrary or capricious.

e. It is understood by the parties hereto that during the trial period, a biweekly progress report will be made by the employee's supervisor, a copy of which shall be furnished to the employee, the Chief of the Fire Department and Director of Personnel. The form of said progress report shall be substantially the same as is now being used by the Director of Personnel.

f. A permanent and up-to-date seniority list shall be posted and maintained on the Bulletin Board at Fire Headquarters for the benefit of all employees and all future seniority questions shall be resolved in accordance therewith.

g. The City also agrees to furnish to the Local and maintain an up-to-date seniority list, a copy of which is posted on said Bulletin Board.

h. If one person or more is on long term sick leave or long term injured-on-duty leave on any one of the four (4) Platoons, the Chief of the Department shall have the right to open any one of those positions as temporary position for bid in accordance with the seniority clause of this agreement. When the employee or employees who were out return to work or the Chief of the Department terminates the temporary position, then the employee or employees who bid that position(s) shall return to his normal position. Long term sick leave or long term injured-on-duty leave shall mean any employee who has been out of work for at least three (3) continuous months, or the prognosis is that an employee will be out for three (3) months or longer.

i. Temporary details from one position to another position, within a Platoon, shall be done by seniority. Fire apparatus drivers will not be detailed from their bid positions except to be placed out of rank. Rescue personnel must be E.M.T.C. qualified.

j. Civilian Employees covered by this Agreement seniority shall be based on the total years of continuous service with the City of Cranston Fire Department.

k. The Cranston Fire Department shall maintain a minimum of 120 EMT-Cardiac personnel at all times (November 5, 2018 MOA), as provided below

- a. New hires shall be required to have their EMT-C certification by the end of their probationary year or soon thereafter (grace period dependent on class)
- b. All personnel with an EMT-B or EMT-C certification as of July 1, 2022 shall be required to maintain at least an EMT-B certification. In the event an employee loses their certification the employee shall be given a reasonable amount of time to obtain their certification back on their own time with their own funds. During such time they shall remain employed and retain his/her seniority.
- c. Department seniority shall determine which of the 120 sworn employees who must maintain their EMT-C, starting with the least senior employee.
- d. In the event the State of R.I. or R.I. Department of Health make changes to qualifications or requirements to possess an EMT or EMT-C certification, the parties shall renegotiate this agreement upon request of either party.

In any case where an employee serving out of rank contracts an illness or suffers injury in the performance of his duty, he shall be entitled to all of the benefits provided by Chapter 45-19-1, including pay at the rate he was receiving while serving out of rank. In the event an employee so disabled is subsequently placed on a disability pension, his pension shall be based on the pay of the person that he was filling in for.

Section 5.1 - Temporary Service Out Of Class - Civilian Employee
