Subject: Vaughn Lane Development

Message: Good morning,, During the 6/3/2025 meeting the Planning Board asked if there was any industry in the area that would cause complaints from residents. Diprete Eng failed to identify SJS Landscaping, located on Main Street at the intersection of Jackson Flat. The company has earth movers and wood grinders on site and proposed lots 4,5,6,43&42 abut this property. The noise , however, is not restricted to these lots. Please include this information in your reports.
